THE CONCEPT

WHAT IS SAGADAO HOUSE?

A multi-day creator and founder villa operating during major Solana ecosystem events. Part live experience, part produced show, where resident creators live, collaborate, and film content while hosting the broader community every evening.

🏠 **Networking Hub**
The go-to gathering spot for builders, founders, and ecosystem players at every event.

🎥 **Content Studio**
Cameras rolling 24/7. Confessional interview room. Excursions filmed. Professional production throughout.

⚓ **Social Anchor**
People return every night. It becomes the recognized community HQ of the entire event.

⚡ THIS IS NOT A CONFERENCE BOOTH

It's a relaxed, premium environment where people actually hang out, have drinks, and form real connections away from the conference floor. The vibes are immaculate. The deals are real.

ABOUT SAGADAO

EVENT 01 OF 02, MIAMI 2026

THE BIGGEST CRYPTO WEEK OF THE YEAR

Two massive conferences. One city. One week. SagaDAO House will be where everyone actually goes. This is the first of two events your sponsorship covers.

SOLANA ACCELERATE 2026

May 5 · Miami Beach Convention Center · 3,000+ curated builders, executives, and policymakers. Application-only, highly selective.

Anatoly Yakovenko · SEC Chair Paul Atkins · Mike Novogratz

CONSENSUS 2026

Same week, same city. Tens of thousands of additional crypto attendees, massive spillover audience walking through the door.

May 3–9, 2026
Full week · Miami · All day, every day

WHY MIAMI CHANGES EVERYTHING

Beach. Boats. Nightlife. Ocean. Miami creates premium, share-worthy content that a convention center never could. Your brand embedded in genuine lifestyle moments, not logos on a banner.

Between **Accelerate** and **Consensus**, every major Solana builder, investor, and ecosystem player will be in the same city simultaneously. SagaDAO House is where they actually go to unwind.

EVENT 02 OF 02, ISLANDDAO THAILAND

ISLANDDAO KOH SAMUI, THAILAND

A month-long builder residency in a luxury villa on the shores of Thailand. Solana's most dedicated creators, founders, and developers, together for 30 days straight. Your brand embedded in every moment.

🌴 **June 1 – July 1, 2026**
30 days · Koh Samui, Thailand · Luxury villa residency

🎓 **CITIZEN-LED WORKSHOPS**
Daily workshops hosted by residents, founders, developers, designers. Sessions covering protocols, tooling, design patterns, and governance. Deeper learning than any conference track.

⚡ **ON-SITE HACKATHON**
Integrated hackathon running the full residency. Teams build with mentorship from domain experts on-site. Past prize pools supported by ecosystem partners, $200K+ won by IslandDAO projects.

🚀 **THE LAUNCHATHON**
Unique to IslandDAO, a community-driven moment where projects go live with the full villa behind them. Tokens, apps, tools, launched directly into the ecosystem with immediate feedback and visibility.

$200K+ in prizes won by IslandDAO projects to date.

🏆 **Unruggable**, Grand Champion ($30K) · 2025 Cypherpunk Hackathon
Hardware wallet & companion app built for Solana

WHY THIS IS DIFFERENT

IslandDAO is NFT-gated, application-only, community-approved. These are Solana's most committed builders: not conference tourists, but people who dedicate an entire month to building. Your brand lives with them every day for 30 days straight in paradise. No booths. No banners. Genuine integration.

30-day residency | Luxury villa | NFT-gated community | On-chain governance | Hackathon prizes | Launchathon | Koh Samui, Thailand | Wellness activities

Your sponsorship covers **both Miami and Thailand**, maximum exposure across the two most immersive Solana experiences of 2026.

SPONSOR VALUE, BOTH EVENTS

WHAT YOU ACTUALLY GET

Sponsors don't just get logos on banners. They become part of the story, across Miami and Koh Samui, Thailand. One package, two immersive events, all year long.

01

OWNERSHIP OF MOMENTS

Own a soiree, excursion, or branded room in Miami, and get embedded into workshops, hackathon sessions, and Launchathon moments in Thailand. Real memories with your name on them across two continents.

02

24/7 CONTENT EXPOSURE

Professional cameras capture house challenges, guest interactions, and interviews in Miami, plus 30 days of villa life, workshops, hackathon builds, and Launchathon moments in Thailand. Your brand seamlessly integrated into the visual narrative, not an ad break.

03

CULTURAL PLACEMENT

Brand positioned at the epicenter of Solana culture across two distinct convergences: the high-energy Miami conference week and the deep-builder Thailand residency. You're not buying impressions, you're buying credibility with the people who build the ecosystem.

04
